“ Georgeann gave me life, made my parents dreams come true. She was a blessing in more ways then words could ever describe. She was my birthmother  
A Birthmother puts the needs of her child above the wants of her heart  
If you love some one unconditionally and with your whole heart, than you will do what is best for them not you.  
It is not hard to know what is best, it is just hard to overcome all of the emotions involved.  
You are making another family extremely happy and you may not even realize it. I knew it, but it wasn't until I saw the three of them together that next morning that I realized all their dreams had come true. Keep that in mind when you make your choice if you can't give the baby the love or life that you wish you could, there is a family somewhere that can.

“ My memories of Georgann here at Denton Cancer Center, are nothing but unforgettable. Her sense of humor and naughtiness kept us laughing at all times. She had a wonderful voice and sang with all her heart. She left a big impression on all who knew her. God bless her and her family, especially her caring, untiring mother who was with her always. “ Georgann was one of my best friends, a true soul sister, and a joy to know. She was and is magnificent. I will miss long talks with her. I've already missed the adventures we took, like Hocking Hills. See you on the other side of the sky one day...oh I know, it is a thin veil between here and there. Soar with the angels my friend. Love and hugs forever.

“ Friends, like memories can never be taken away...I will always miss her and consider her family. There are no words that can comfort at a time like this but know that you are not alone in spirit <3

“ I will definately miss her smiling face and her crazy sense of humor when she would come to the center. She was absolutely one of a kind. Most importantly, she was such a positive force to so many other patients that she was around, and always took the opportunity to try to pep them up, even when she was probably not feeling her best. You will always be remembered.

“ I am so very sorry for your loss. I have prayed for georgann's healing, but failed to reach out to her during her illness. Now, I can only share with you, her family, that I share in your grief. I thank God for her smile and personal strength. I pray that all in your family have peace and strength in the days ahead. Georgann was a good friend of mine in junior high school...those hard years when we were all trying to figure out everything. I thank God for her kindness...and may we all do a better job of keeping in touch! Francene V
