“ Isabella was headstrong, resilient, smart and inspiring. She didn't give up! I was proud to have helped her get started in photography. She was a regular customer at Leslie's Camera Shop and later at University Cameras. Sometimes our conversations were challenging, but always enlightening.

“ Isabella and I have been friends since 1982, having met while she was a student at UNT. We had a lot of good times together. She would come to my house to spend time with me, sometimes staying for two weeks at a time. I loved her very much and miss her with all my heart.

“ My mom Betty Hilton loved Isabella like her own daughter. Mom worked at University Store at UNT for 20 years and meet Isabella there. She enjoyed talking and laughing with her. Mom would sometimes have the privilege to take Isabella to various places she needed to go. Mom was inspired by Isabella and her determination to do for herself. Now she and Mom are getting to continue their relationship above.

“ Isabella was a very caring and generous person. My wife and I had the privilege to get to know her over the last couple years while being an across the street neighbor. She loved having company and just hanging out and she absolutely loved her dog, Danny. My wife and I took a close liking to Isabella and she will be missed, but she will sincerely never be forgotten. She had a giant smile and an even bigger heart.
RIP Isabella

“ Poor in physical gifts, but rich in spirit. For that reason, how close she must be to the throne of God.

“ Isabella had such wonderful wit and a creative mind which she expressed through her poetry and photography. Isabella cared about her UNT, the Denton community and about people who were less fortunate needing "a hand up" in support. Her spirit was refreshing in the hustle-bustle world.

Enjoy those new angel wings in Heaven, Isabella, as you have earned them!

Until we meet again,

“ Isabella had the best attitude despite her physical condition. She pressed though her difficulties and accomplished more than some "healthy" people do. Isabella's life brought glory to Jesus, her creator. We were privileged to have known her and look forward to seeing her again in heaven with her new body.
