“ Kris,

My friend. I don't know where to begin. You were there for me when I needed you. I don't want to believe this. If it is true my old friend. Go to heaven and give them hell.

I'll never forget you.

Charlie..

“ Moneeca, my heart goes out to you and all of Kris's family. I was fortunate enough to be a client and as a result considered him a friend. All of you are in my prayers.

“ I wanted express my sorrow and sadness to the family and children of Kris Howard from the very short time I have know him Kris was a fun person to be around and taught me a lot of things about guns , hunting , roofing and life itself , once on a hunting trip after we had finished the day Kris helped me, with repairs on my moms house so she could safely enter and exit her home , plus additional repairs that he wanted to do, just because he was being thoughtful ,and considerate of people that's the way he was Kris showed kindness to all , he often talked about how much he loved his daughter Chole and Moneeca and her boys, also he always had nice things and shared funny stories about growing up with his brothers and family, Kris was a unique person and had a very wild sense of humor , you just have to know Kris to love him and those who knew Kris did just that , stories and laughter is what I will miss most about him , and his train horn on that Dodge Truck bot did we have fun with that , I will continue to pray for Kris and his Family as I have always for friends and loved ones I will surely miss him may God Bless Him and his Family as he is in a much better place now most likely hanging out with his dad , smiling and laughing R I P
