“ I worked with Rodney for 18 years at Aafes. He was a joy to work with and always appeared to be up to something fun. Rodney always had a happy smile and a willing helping hand for everyone. He truly was a caring individual. The video prepared by his Family was definitely a tribute to a wonderful family man. Rest in Peace Rodney.

“ He was my favorite uncle hands down. I loved talking to him. He never looked down on me even though I got in trouble instead he would point out all the good. I wanted to go see him however I waited too long. Rest in Peace Uncle Rodney.

“ One of my favorite pictures in this slideshow is the mugshot. Aunt Barbara, I would love to hear your version of the events that led to that! I'm really missing my Dad.

“ So many memories of our childhood and youth flood back as we remember my brother Rodney. I remember building stilts and walking around our house hour after hour to see who went the longest without falling off. I remember walking to the swimming hold when we lived on the mountain and swimming until dark. I loved his dry sense of humor and watching people who met him for the first time trying to figure out was he serious or joking. There is so many things that we shared and I will miss him. I am so happy that he and Dorothy came to spend a week with me not to long ago. My youngest son and I was planning on going to visit them when he got back in town. May the Lord wrap his arms around his wife and children and bring them peace knowing he is in a better place and is feeling no more pain or ill health.

“ So very sorry to hear of Rodney's passing. I met Rodney many years ago when he lived in Grand Prairie. James Ringstaff, his Wife, and Rodney and I carpooled to AAFES. Got to know Rodney pretty well. He was a man of opinions and I always appreciated our morning and afternoon talks. He was a wise counsel and had a very distinct sense of humor! I am sorry I lost touch with him but it wonderful to be reminded of him and all the great things he did for people. Me included. Thanks for the memories Rodney. Rest in peace.

“ I knew Rodney for many, many years. Rodney Burdick was a true friend. We did a lot of things together including stirring trouble up for the AAFES management when we thought there was something going on that was not right. One of these events led to both Rodney, Charlie Cohn and me getting promoted to grade 13 all at the same time. :-). So glad I had Rodney as a friend, especially in time like those as he gave me the courage and confidence to stand with him and fight for what we thought was just. I'm sure AAFES management missed both of us when we finally retired. Rodney and I had many similar interests. We even went together and bought an old duplex off of the City of Dallas demolition list and proceeded to rehab it in what little spare time we had after a days work at AAFES. Earl finally ended up with the property and rented it out for a few years. Another thing we did was to force AAFES into selling it's surplus computers at a open bid auction... We along with James Ringstaff were the high bidders. The three of us then proceeded to haul all the junk off and build ourselves desktop PCs out of it for the three of us and some left over for our own families. Those were the fun time! I'll always remember my dear friend Rodney. May God be with all of you and comfort you. I know you will miss him, we will too. Don and Judi Young

“ We knew Rodney when we lived in Dallas and my husband was bishop of Dallas 2nd Ward. He and his first wife, Jill were some of our best friends. We did a lot together and will always remember him as a kind, gentle man. Our hearts go out to you and your family. We know he will be missed. Knowing what we know about the gospel of Jesus Christ is a comfort at this time, I know. Rest in peace, dear friend!

“ All day long the silly song "The Cat Came Back" has been running through my mind. I have been picturing Rodney around the campfire at one of our family reunions singing that song with his children.

I have also thought today about how Rodney was a blessing to me and to my parents when I was very young and hospitalized because of a cat bite to my hand. There was talk of amputating my hand because of the infection. Rodney helped to pay the bill for me to have surgery to try to save my hand instead of amputating it. That was a very big blessing to me in my life that I will forever be grateful for.

Rodney was not one that enjoyed physical contact such as a hug, but he did show love in other ways such as acts of service. He helped to compile a book to show respect and honor to my father.

Our thoughts and prayers are with the entire Burdick family at this time. We are sorry for your loss, but know that Rodney is in a better place now, and is free from all the problems that his body has given him the past few years. Know that we love you.
