“ To Avon's Family,

Please accept my sincere sympathy and prayers. I had the privilege of working with Avon in Denton ISD. We presented technology workshops, attended TCEA conferences, and wrote curriculum together for many years. I deeply admired her compassion for her students, artistic talents (most beautiful egg carvings I have ever seen), and enthusiasm for teaching others. She was truly a lovely lady inside and out. She will be fondly remembered and greatly missed.

“ *My deepest sympathy & prayers to Avon's family. I was very sad to read of her illness & death. I first met her as a member an Alpha Phi alumnae group. Years later as a teacher of Denton ISD. She was a special lady & a very dedicated teacher.*

“ Back in the mid 1950's Avon used to come visit us sometimes during the summer in Hamilton, Texas. It was a small town of about 3,000 and we didn't even have a TV set so there was lots of time for card games, board games, and just good old-time visiting with each other.

I remember Avon was the most beautiful person I'd ever seen. I was a chubby little kid who was 9 years younger than she was, and I thought she looked like a movie star. She was tall, slender, graceful, and had a smile that could light up the night. She was the "talk of the town" when she came to visit and I was never ready for her to leave when her visit was over. Her time with us was always special.

Avon and D'Alva had the most unique names while my sisters and I were stuck with everyday names like Ann, Jane, and Barbara. Even her name was special. This is the way I'll always remember Avon. She had that "special something" that is hard to describe but anyone who knew her saw it. She will be missed.
