DM

“ I am just learning of Barry’s passing. I served in the USAF with Barry at the Reese AFB hospital in Lubbock, Texas during the very early 1970s.

Barry was an incredibly bright and caring physician. He was also a very good chef and a connoisseur of fine wine.

My belated condolences to his children, one of which I think was born while at Reese.

Barry was a good friend. I remember him fondly.

May he Rest In Peace.
