“ I am the grand daughter of George and Odessal Stafford who were friends of Bill's. I remember him and his loons from my childhood and still have the loon he made special for me in 2008.

“ Sad to see this generation of Hughens slip away. Mom always enjoyed a visit with Billy James and any of his siblings when they came through Winnfield. Like many others, he gifted all of us with his wonderful carvings. Even more, I treasure the interview he did with Uncle Victor years ago and the genealogy he shared.

“ I started at Denia Rec. Center in February 2012, I met Mr. Bill shortly after I started there. Second meeting he gave me a welcoming gift.

“ I will miss Bill. I think of him daily as I see my collection of loons and donkey signs. especially the five foot one he made to ride in parades. We had a great adventure driving to the Oklahoma border to hold Democrat sign in gale winds to welcome our state legislators back to the state after an escape across the border. He was a wealth of knowledge. I learned many life lessons from him. He was a kind soul as was Pat. Marsha Keffer
