“ It was my privilege to be a part of Miss Dorothy's life. She was the toughest lady with the most kind soul. She always had a smile and an open heart for others in the midst of her own battles. Once a few years back I went to see her for a regular visit, same time same routine every week... but the door was locked. She didn't answer the door, the phone, the rapping on the window? I was frantic worried she had fallen. I called the cops and we busted the door in! No Dorothy. I was relieved she wasn't injured but it suddenly hit me as the cops lpoked everywhere.... she had very specifically told me, despite our routine, THIS week she would not be home d/t an appointment! Doh!! She was so forgiving, so sweet about her door. BUT after a few months (when she says she felt it had been long enough for me to find humor in it) every single time she had to go out she'd say "now don't go breaking my door down cause I'm going to be gone!" She even put a sticky note on the door once -'Sheree don't break in I'm alright'. Love this lady. I can only hope to be such a person.

“ I worked with your mother for several years, providing various loaner vision-related equipment through my agency to help her maintain her independence. She was always so sweet and thoughtful and I feel blessed that I had the opportunity to work together with her. Please accept my condolences- she was a beautiful woman, inside and out. Please give me a call at your convenience and I'll come pick up the items to save your family a trip. Sincerely, Missy Dickenson, REACH of Denton, 940-383-1062
