“ To Jim, Mary, and your families, we offer our deepest condolence on the loss of your sweet father. My memories of him go back to the 1950s when he and your loving mother, Mina, were newlyweds. Soon they became parents and we followed his successful career as a pilot over the years. In his later years he developed a close relationship with his brother (my father) , George, through daily emails. They were mostly interested in what the other guy was having for dinner and if it included ice cream, preferably Blue Bell! He is at peace with the love of his life now. May your sadness be eased by your living memories of him. Love, Jens, Maggie (Hill) and Brandon Pedersen

“ Uncle Jim was a wonderful uncle. He was part of my life for six decades. We had a warm relationship that centered on our common interests in gadgets, computers and aviation. He and Aunt Mina were kind and hospitable when I visited them. They were always so loving to our family. We miss them both.
Love and Sympathy,
Steve and Barbara Hill

Oh man! Where do you even begin when it comes to Mr Jim Hill? That man had personality oozing from every fiber of his being. To know him was to truly love him! It was such an unbelievable honor and pleasure getting to aide in his care and getting to know him and his quirks over the last few months. I'm not so sure the Wheeler Place halls will ever be the same.

To his children, Wheeler THANKS YOU! Thank you for choosing us to care for him, for allowing us to get to know you guys, and most of all for letting us love your dad. We miss him greatly!

To the rest of the family, we are extremely sorry for your loss. Jim was a great man who loved and cherished his family.

"DEATH leaves a heartache noone can heal. LOVE leaves a memory noone can steal."
