“ My name is Robert Hanska, neighbor, Larry would drive by my cows on Hickory Creek daily. I stopped and asked for someone sold hay. By chance he did. A friendship started from there. If you stopped to talk to him, it was a two hour gab session.

He was Proud of many things. Two things his kids and grandkids being successful. We talked as grandpas do, of kids, hay, farming, politics and etc. He said two weeks before passing, I just want to ride out my time on a tractor and he did. We both new!

His greatest complaint was, I am spending too much time at the doctors. I can't get my haying done. The man could fix anything. There is so much more and his haying buddies will miss him. He was a good "IN HIS WAY". MY number is 940-367-7202.
