“ *I am so sorry for your loss. Nelda was a wonderful woman, and the world is a little less bright. I will miss her generous and kind spirit, and I am heart-broken that I will not be able to speak with her about plants, boots, dogs, or anything else when I walk up the street. I will keep you and your family in my prayers, as I know the loss is even greater for you.*

“ Nelda, I would have loved to get to have known you better. I had only met you once. I was so excited to be able to talk to you once holidays roll around and all that and make memories. You remind me so much of my granny who passed away when I was 13. You were an amazing woman from the short time I got to talk to you and the stories I've heard. You will definitely be greatly missed. I'll take good care of Kevan for you. Love you!

*I have known your sweet mother for only a year. She was such a lovely lady. She always had a beautiful smile and such warm happy eyes. I enjoyed getting to know her during our buying trip to Dallas in January a year ago and later on at business dinners.*

*I truly enjoyed talking to her about different plants and anything else that crossed our minds. I ache for you and your family. Your memories are good ones and will get you through.*

*God be with you.*
