“ *I was so sorry to hear about your loving Patricia. I only knew Patricia through the Senior Center. She was gracious enough to give me several of her paintings to put in our display case. She was such a talented lady, I loved her art work. She told me about all the places she had traveled which were reflected in her beautiful art work.*

She was kind enough to give me one of her pictures she had painted on a trip to Colorado. I have it hanging in my home and always smile when I look at it.

What a wonderful legacy to leave in this world, the beauty of art as seen through the eyes of such a lovely woman.

Thank you,

Toni Martin

“ We wanted to send our condolences to the children of Patricia, Mom of some of the most talented people we know about. We have had the good fortune of being a friend of Linda & through her, have followed the successes of her siblings and children. We can relate to the sadness that comes from losing our Mothers. We are reliving our own anguish and want them to know we will be praying for their personal peace during the process of laying their Mother to rest... We love you all. Cami & Squier
